## KBW-TF100S

### TOP FLITE™ 100S

100% Solids, Polyethylene S.F. Compound

*Kustom Wax Additives*

---

#### Product Description

**KBW-TF100S** is a soya based poly compound formulated to provide consistent wax particle size and outstanding efficiency in rub resistance. **KBW-TF100S** is low odor and effective on non-porous substrates and in low VOC formulations.

---

#### Performance Characteristics

- Low Odor
- Mineral Oil Free
- Soya Based
- Excellent rub resistance
- Good gloss retention
- Overprintable and foil stampable

---

#### Usage Recommendation

3 – 6%

---

#### Physical Properties

% Non-Volatile:	98 – 100%
Vehicle Type:	Vegetable Oil
Polymer Type:	Polyethylene

---

#### **FOR YOUR PROTECTION:**

The information and recommendations in this publication are, to the best of our knowledge, reliable. Suggestions made concerning uses or applications are only the opinion of KUSTOM GROUP, INC., and users should perform their own tests to determine the suitability of this product for their own particular purposes. However, because of numerous factors affecting results, KUSTOM GROUP INC. makes no warranty of any kind, expressed or implied, including those of merchantability and fitness for particular purpose, other than that the material conforms applicable current Standard Specifications. Standard Specifications, although current at the time of publication, are subject to change without notice. Please refer to the MSDS for additional information. DATE REVISED: 10/19/2018
