## KB-145

### Moisture Activated Drier

---

#### Product Description

---

**KB-145** is a highly effective moisture activated drier, which can be formulated directly into an oil base ink/overprint, or added press side. **KB-145** reacts with the fountain solution and releases oxygen, which accelerates oxidative dry on press.

**Suggested usage level is 0.25 – 1.0%.**

#### Performance Characteristics

---

- Reacts with fountain solution on press to accelerate dry
- Cobalt Free
- Excellent choice to boost dry on plastics/nonporous substrates
- Compatible with oil based products

#### Physical Properties

---

Appearance and Color	Tan paste
Solids	85 – 87 Method A
Specific Gravity	1.23
